

## MTH 111 WeBWork Schedule - Fall 2018

The following calendar gives a detailed homework timetable for the course. Please note that assigned problems and due dates are subject to change, but all necessary changes will be reported by your instructor or coordinator. Please read through the following information:

- **Log in information:** Your username is your URI student ID number, and your default password is the first eight letters of your last name (entered in lowercase). Ignore spaces and characters other than letters. Use your entire last name if it contains eight or fewer letters. When you log in for the first time, please change your password.
- Weekly assignments open on **Mondays at 12:01 a.m.** and are due 10 days later (except for Sections 6.3, 7.1, 7.2, 7.3 which are due 17 days later) on **Wednesdays at 11:59 p.m.** (except for the Section 4.5/ 4.6 which are due on Tuesday 12/11 at 11:59 p.m.).
- **Late submissions will not be accepted for any reason.**
- Each WeBWork problem is worth half a point totaling 200 total points: no partial credit is given for individual problems. Answers will be made available after the due date.
- WeBWork problems are not necessarily representative of exam problems
- There are generally 3 attempts for each problem with the exception of multiple choice questions having 2 attempts and either/or questions having 1 attempt.
  - If you get the first attempt wrong, please spend some time studying the material/using the extra problems in the book/ asking questions.
  - Make sure that you are reading the instructions for each problem and inputting the answers correctly.
  - If inputting a decimal answer, a general rule of thumb is to round to at least 4 decimal places.
  - For extra help inputting answers:  
<https://www.ms.uky.edu/~droyster/courses/fall12/ma114/How%20to%20Enter%20Answers%20in%20WeBWork.htm>
- Please direct all questions and concerns to [mth111webwork@gmail.com](mailto:mth111webwork@gmail.com).

Opens	Closes	Assignments	Number of Problems
MON 9/10	WED 9/19	Section 1.1, 1.2, 1.3, 1.4	47
